PROFILE

Experienced Frontend Developer/Designer with a proven track record of crafting visually appealing and user-centric web interfaces. Proficient in HTML, CSS, and JavaScript, JQuery with 4 years of hands-on experience in live projects. A detail-oriented professional with a passion for creating seamless and responsive designs. Strong collaboration and communication skills contribute to efficient projects.

WORK EXPERIENCE

Frontend Developer/Designer

Adaan   2019-2023

Code Evaluation and Programming Expertise:
- Proficiently assessed HTML, CSS, JavaScript, and REST API code, ensuring validity, proper structure, and alignment with industry standards.
- Demonstrated skills in Wix Velo programming, contributing to the development of robust and efficient solutions.

Design and Aesthetics Mastery:
- Leveraged in-depth knowledge of Typography, Color Theory, UI & UX principles, and responsive design to enhance the visual and functional aspects of digital products.

Prototyping and UI Development:
- Designed website layouts and meticulously crafted prototypes using Figma, serving as a blueprint for the subsequent UI development.
- Implemented Figma designs into dynamic and interactive UI components using React, ensuring seamless user experiences.

Collaborative Cross-Functional Work:
- Collaborated seamlessly with cross-functional teams, including developers, content creators, and stakeholders, fostering a unified approach to project objectives.
- Ensured that websites met business objectives and user needs, blending technical proficiency with a user-centric mindset for optimal outcomes.
